KO-NEKT, 9 Miller Road, Ayr provides full day childcare (ASN) during school holidays, operating between 8.00am - 6.00pm from Monday to Sunday.

We offer the flexibility to choose which days and times your child and young person attends and you can book as many days as you like with no minimum requirement through our easy-to-use booking system. In addition, we are still operating our regular teen groups on Thursday and Friday evenings from 6-8pm with their own agenda of activities.

Parents/carers can drop their child off at booking time and a member of KO-NEKT staff will be on hand to offer a warm, friendly welcome.

Our fantastic, motivated, and professional staff team prepare a varied, exciting and fun schedule with a different theme running each week influencing our arts & crafts, sports, games, baking, science and nature activities to name a few!

Children are required to bring two snacks one for morning and the other for the afternoon. KO-NEKT provides water, Milk and diluting Juice, this is available throughout the day. Parents/carers should provide their child with a packed lunch together with a change of clothing and accessories appropriate for the time of year. Children should come with sun cream already applied staff are happy to reapply your child's own suncream during the day's session (Prior completion to a sun cream application form to be completed.) Child's suncream should come to the centre clearly labelled with your child's name in within a Ziplock bag.

During our Summer holiday clubs, we welcome partner organisations to offer activities such as animal handling sessions, local emergency services, therapy dogs, teddy bear hospital and Bookbug. These will be confirmed in due course if we manage to gain the bookings. Prior notice will be given to parents.

In addition to the fantastic activities provided by our staff team, a wide range of toys, resources and equipment are available to encourage imaginative and creative play during each session. Child-led play is very popular at our holiday programmes, where children take responsibility to plan and play sessions for their peers. It is wonderful to see children grow in confidence by taking on this responsibility.
